

We have been working very hard to have primary care professionals attend behavioral health conferences like ASADS. Now we have the opportunity to send professionals working substance abuse behavioral health settings to attend the ***Prescribing and Pharmacology of Controlled Drugs*** conference in November presented by the Medical Association of Alabama.

ADMH through partnership with ADPH will pay the registration fee **ONLY** for professionals **working in substance abuse behavioral health settings**. The conference is **November 22-24, 2019** at Hyatt Regency Birmingham-The Wynfrey Hotel, 1000 Riverchase Galleria, Birmingham, Ala. There's also several brochures attached for your review.

If you are interested in attending, please complete the Medical Association Registration form and email it back to me at kathy.house@mh.alabama.gov or fax to 334-242-3025 by Oct 1, 2019.

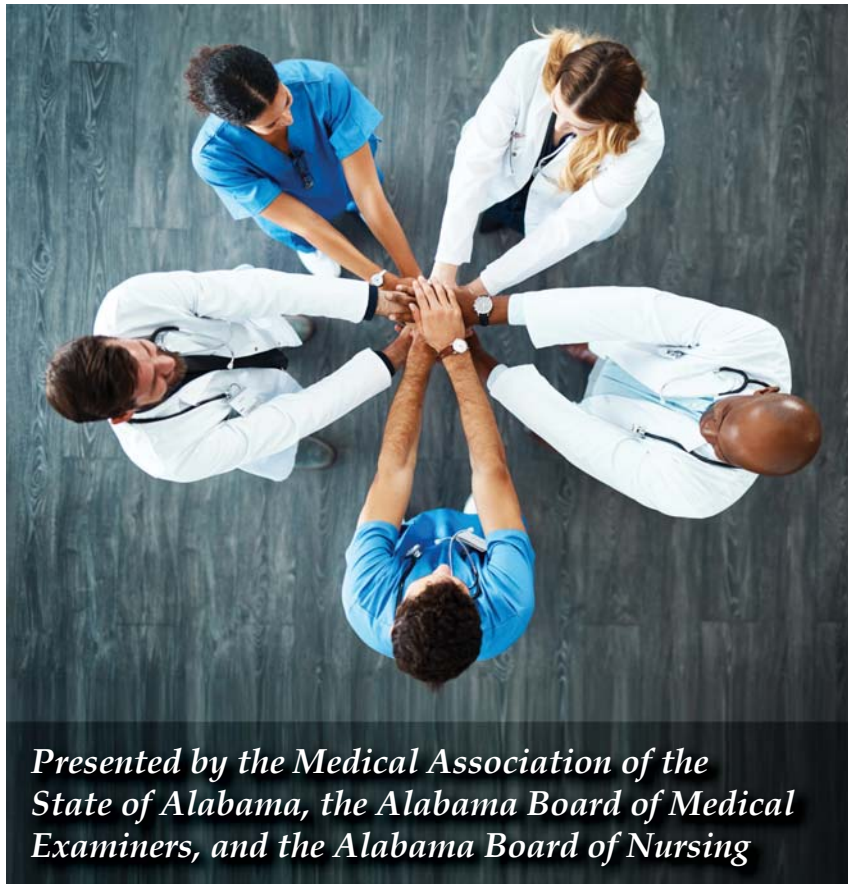

PLEASE DO NOT SEND YOUR REGISTRATION FORM TO THE MEDICAL ASSOCIATION.

If you have any questions please reach out to me.

Collaborative and Supervisory Practices: Pearls, Pitfalls and Protocols

Nov. 22, 2019
Birmingham

Presented by the Medical Association of the State of Alabama, the Alabama Board of Medical Examiners, and the Alabama Board of Nursing

Dates and Details

FOUR-HOUR COURSE!
Friday, Nov. 22, 2019
7:30 a.m. – 11:45 a.m.

Location

Hyatt Regency Birmingham -
The Wynfrey Hotel
1000 Riverchase Galleria
Birmingham, AL

Hotel Accommodations

Room rate: \$138 (plus taxes)
Room block ends: Oct. 31, 2019
Room code: Medical
Association

Reservations:

Call (800) 233-1234 or
reserve a room online at
www.hyattregencywynfrey.com

WHO SHOULD ATTEND

This course is for Physicians, Certified Registered Nurse Practitioners, Certified Nurse Midwives and Physician Assistants in a collaborative practice agreement as well as those interested in developing a collaborative practice agreement.

Statement of Need

Information gleaned from inspections indicate deficiencies and lack of understanding of the collaborative practice guidelines as they relate to supervision and quality assurance. Therefore, information presented in this seminar will include an overview of the rules for the establishment of a collaborative practice, guidelines on how the practice is to be conducted with regards to supervision and quality assurance, and how to successfully complete Quality Assurance Reviews.

For More Information

Contact the Medical Association's Education Department at (334) 954-2500 or (800) 239-6272 or go to www.alamedical.org/Prescribing.

Agenda – Friday, Nov. 22, 2019

- 7:00 a.m. Registration and Light Breakfast (Registered attendees only)
- 7:30 a.m. – 8:30 a.m. Protecting your Patients and your Practice – Policies and Procedures of the Alabama Board of Medical Examiners

Agenda subject to change

*Alabama Board of Medical Examiners Board Member

Participant Learning Objectives

After attending this course, participants will be able to:

- ▶ Cite the application, approval, recent rule changes and updates for physicians, CRNPs and CNMs in a collaborative practice relationship and PAs in registration agreements.
- ▶ List the eligibility requirements for physicians to become collaborating, supervising or covering physicians.
- ▶ List the credentials a CRNP, CNM or PA is required to have to enter into a collaborative practice agreement or a registration agreement.
- ▶ List the responsibilities of both physicians and nurse practitioners in a collaborative practice agreement.
- ▶ Describe common problems seen in a collaborative practice and methodologies to correct them.
- ▶ Cite the regulations for prescribing drugs, participating in a quality assurance review and practicing in various practice settings, including remote sites.

Credit Designation

The Medical Foundation of Alabama designates this live activity for a maximum of 4 *AMA PRA Category 1 Credits*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Medical Association of the State of Alabama through the joint providership of the Medical Foundation of Alabama and the Medical Association of the State of Alabama. The Medical Foundation of Alabama is accredited by the Medical Association of the State of Alabama to provide continuing medical education for physicians.

Visit www.alamedical.org/Prescribing for online registration, brochure and agenda.

Medical Ethics

*Presented by the Medical
Association of the State of
Alabama and the Alabama
Board of Medical Examiners*

WHO SHOULD ATTEND

This course is designed for physicians in all specialties who wish or need to pursue focused study in areas of applied ethics, including boundary maintenance and practice management.

Statement of Need

The practice of medicine is governed by important ethical precepts, including confidentiality, beneficence, respect for patient autonomy, truth telling and the highest degree of professionalism. Physicians work within the guidelines of these principles; yet medical practice can also be challenged by these principles, particularly when two or more are in conflict. Medical Ethics – liberally employing case presentations – focuses on applied ethics, from boundary issues to billing practices.

For More Information

Contact the Medical Association's Education Department at (334) 954-2500 or (800) 239-6272 or go to www.alamedical.org/Prescribing.

Participant Learning Objectives

After attending this course, participants will be able to:

- ▶ Describe the meaning and importance of medical professionalism.
- ▶ Discuss how conflict of interest may compromise professionalism.
- ▶ Identify significant boundary issues and proper limits in relation to each.
- ▶ Discuss exceptions to the principles of confidentiality.
- ▶ Describe important ethical issues with respect to operating a practice.
- ▶ List elements that help to distinguish between “Usual and Customary” and Healthcare Fraud.
- ▶ Describe errors physicians frequently commit with regard to informed consent.

2019 Series

INTENSIVE COURSE IN Prescribing and Pharmacology of Controlled Drugs: *Critical Issues and Common Pitfalls*

*Presented by the Medical Association of the State of Alabama,
the Alabama Board of Medical Examiners
and the Alabama Board of Nursing*

WHO SHOULD ATTEND

The course in Prescribing and Pharmacology of Controlled Drugs is designed for physicians in all specialties, as well as physician assistants, certified registered nurse practitioners and nurse midwives, who need or wish to increase their knowledge and ability to effectively prescribe controlled medications that have the potential for misuse and abuse.

Statement of Need

Controlled substances are prescribed and dispensed today at an increasing rate to help patients cope with pain, insomnia, anxiety, depression, ADHD and a myriad other disorders. Studies show that most practitioners are rather conservative when prescribing controlled drugs, while a small number are at times overly aggressive. In addition, controlled substance medications are falling into the hands of increasing numbers of prescription drug abusers.

How can the practitioner more effectively understand the pharmacologic profiles for controlled drugs, identify diagnostic criteria for appropriate prescribing and consider the therapeutic implications of specific substance use by individual patients? This special intensive course has been developed to enhance the physician's ability to effectively prescribe controlled medications, while minimizing their misuse whenever possible.

For More Information

Contact the Medical Association's Education Department at (334) 954-2500 or (800) 239-6272 or go to www.alamedical.org/Prescribing.

And on November 22...

- Collaborative and Supervisory Practices: Pearls, Pitfalls and Protocols
 - Medical Ethics
- Hyatt Regency Birmingham-The Wynfrey Hotel

Participant Learning Objectives

After attending this course, participants will be able to:

- ▶ Describe the pharmacologic profiles of benzodiazepines, opiates and other controlled drugs.
- ▶ Identify the diagnostic criteria for acute and chronic pain, anxiety disorder, insomnia, depression and substance abuse.
- ▶ Employ interviewing techniques relating to the diagnosis and management of substance abuse in general and prescription drug abusers in particular.
- ▶ Discuss case management strategies for the above diagnoses and in special situations, such as the elderly, hospice patients and renal sufficiency.
- ▶ Discuss beliefs, attitudes and stereotypes about controlled substance prescribing, controlled drug abusers and chemical dependency, and consider the therapeutic implications of treatments based upon these beliefs.

NEW Topics!

- ▶ Risk Stratification while Prescribing Opioids
- ▶ Dilemmas in Controlled Substance Prescribing
- ▶ Issues in Acute Pain
- ▶ How My Prescribing of Controlled Substances Has Changed Over the Years: One Doctor's Perspective
- ▶ Current Thoughts on Marijuana Use

Credit Designation

The Medical Association of the State of Alabama designates this live activity for a maximum of 12 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Accreditation

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Medical Association of the State of Alabama through the joint providership of the Medical Foundation of Alabama and the Medical Association of the State of Alabama. The Medical Foundation of Alabama is accredited by the Medical Association of the State of Alabama to provide continuing medical education for physicians.

ABN CE Designation

- The Medical Association of the State of Alabama, an ABN-recognized provider of continuing education (CE), awards AMA PRA Category 1 Credits™ upon completion of this course. ABN Administrative Code § 610-X-10-.04(2)(e)
- This course meets or exceeds the requirement for 6 hours of pharmacology CE required for renewal of Advanced Practice approval.
- Nurses who wish to claim the credit awarded for this course must follow ABN procedures to claim the CE, such as uploading the CME transcript issued by the Medical Association to their individual CE Record on the ABN website.

**Note: Partial attendance, late arrival or early departure will affect the amount of credit awarded.

Course Meets New BME CME Rule

This Prescribing and Pharmacology of Controlled Drugs course meets the requirements for physicians who hold an ACSC and must now obtain, *every two years*, 2 AMA PRA Category 1 Credits™ in the areas of controlled substances prescribing practices, recognizing signs of the abuse or misuse of controlled substances, or controlled substance prescribing for chronic pain as set forth by the Alabama Board of Medical Examiners effective Jan. 1, 2018.
