AND ALABAMA MEDICAL LICENSURE COMMISSION**

March 16, 2020

Pursuant to the direction of Governor Kay Ivey and out of concern for the safety and well-being of our staff and that of all Alabamians, the Alabama Board of Medical Examiners and Medical Licensure Commission of Alabama have implemented telework and flexible schedules in response to the pandemic influenza outbreak of Coronavirus (COVID-19).

**We will be open 8am – 5pm with reduced staffing until the Governor’s health directive is lifted. Please be patient with our staff as they may not be able to respond immediately due to staffing restrictions.**

We are working very hard to ensure essential services are not disrupted. These circumstances may exist for several weeks.
