P. A./PHYSICIAN SUPERVISORY AGREEMENT CORE DUTIES AND SCOPE OF PRACTICE

1. The P. A. may work in any setting consistent with the supervising physician's scope of practice and are customary to the Supervising Physician's scope of practice and are customary to the practice of the Physician. The P. A. scope of practice shall be defined as those functions and procedures for which the P. A. is qualified by formal education, clinical training, area of certification and experience.
2. The following skills and functions are the core duties which may be performed by the P. A.
 - a. Arrange inpatient hospital admissions, transfers, and discharges in accordance with established guidelines/standards developed within the practice of the supervising physician and P. A.; perform rounds and record appropriate patient progress notes; compile detailed narrative and case summaries; complete forms pertinent to patients' medical records.
 - b. Perform detailed and accurate health histories, review patient records, develop comprehensive medical status reports, and order laboratory, radiological, therapeutic and diagnostic studies or treatment appropriate for the complaint, age, race, sex and physical condition of the patient.
 - c. Perform comprehensive physical exams and assessments. Formulate medical diagnoses, including the interpretation and evaluation of patient data to determine patient management and treatment, including the institution of therapy and ordering of medical devices or referral of patients to appropriate care facilities and/or agencies and other resources of the community or other physicians.
 - d. Prescribe legend drugs authorized by the supervising physician and included on the formulary approved by the guidelines established by the Alabama Board of Medical Examiners for P. A.s.
 - e. Institute emergency measures and emergency treatment or appropriate stabilization measures in situations such as

- cardiac arrest, shock, hemorrhage, convulsions, poisoning and emergency obstetric delivery where indicated.
- f. Provide instructions, education and guidance regarding healthcare and healthcare promotion to patients, family and caregivers.
 - g. Skills and functions that are taught in usual and standard PA academic education and do not require additional training or course documentation. The supervising physician and PA may document and validate that the PA has received education, training and competency to perform the core duty or skill.
 - h. The Board of Medical Examiners recognizes the following as examples of usual and customary core duties and skills that a Physician Assistant can perform, including, but not limited to, the following:
 - (1) Perform the following example procedures/skills:
 - (a) Surgical Assisting
 - (b) Wound debridement, suturing and care of superficial wounds.
