Statement of Reasons for Issuing Emergency Rules Pursuant to Ala. Code § 41-22-5(b)(1)

On March 13, 2020, the Governor of the State of Alabama declared the existence of a state public health emergency based on the appearance of the Severe Adult Respiratory Syndrome-Coronavirus-2 (SARS-CoV-2) and the disease known as COVID-19. On March 18, 2020, the Governor proclaimed the existence of conditions that warrant the implementation of extraordinary measures and relief during the existing state health emergency to guard public health and protect human life.

The State Board of Medical Examiners hereby finds that the need for qualified physicians, physician assistants, and anesthesiologist assistants to provide medical services in Alabama warrants the emergency adoption of these rules to provide for the issuance of emergency certificates of qualification to physicians licensed in other states and emergency licenses to physician and anesthesiologist assistants licensed in other states who may assist with this health emergency. The intent of these rules is to provide for the expedited issuance of certificates of qualification to qualified physicians and licenses to qualified physician and anesthesiologist assistants who desire to provide health care to citizens of Alabama suffering from and affected by SARS-CoV-2 and the disease known as COVID-19. The State Board of Medical Examiners hereby finds that physician applicants who satisfy the requirements of Ala. Admin. R. 540-X-3-.25 are eligible for emergency certificates of qualification by endorsement; physician assistant applicants who satisfy the requirements of Ala. Admin. R. 540-X-7-.69 and .70 are eligible for emergency licenses; and anesthesiologist assistant applicants who satisfy the requirements of Ala. Admin. R. 540-X-7-.71 and .72 are eligible for emergency licenses.

Before promulgating these rules, Board leadership consulted with Dr. Scott Harris, State Health Officer, and members of the Medical Licensure Commission, reviewed similar measures

implemented by other states and state medical boards, and received input from interested stakeholders. As a result, the Board determined that relaxing the licensure process for physicians, physician assistants, and anesthesiologist assistants during this state of emergency is necessary to protect the imminent threat to the health, safety, or welfare of the citizens of Alabama.
